

JAVA HOPE PROJECT

Our Partners

Oromia Coffee Farmers Cooperative Union Ethiopia

Formed in 1999, the approximately 102,950 farmers are the growers, processors and exporters of high quality, organic Arabica coffee. Together they make up 115 cooperatives.

Transfair USA

The only independent, third-party certifier of Fair Trade products in the U.S. Their rigorous audit system tracks products from farm to finished product and verifies industry compliance with Fair Trade criteria. Once products have meet criteria, Once products have meet criteria, they can proudly display the Fair Trade Certified label.

Global Organic Alliance

Established in 1997, GOA maintains ISO 65 and USDA accreditation and verifies compliance to EEC 2092/91 regulation. Companies must meet strict criteria to become a certified organic company.

Putting America to work one cup at a time!

Purchase coffee products

Recommend a Candidate

Java Hope provides transitional jobs in the retail sector with essential support services necessary to overcome employment obstacles through entrepreneurial activities. Candidates must have backgrounds of chronic unemployment and poverty.

Candidates must have backgrounds of chronic unemployment and poverty. Candidates must be 18 years of age, unemployed.

Contact Java Hope at www.javahope.org

Java Hope is a registered 501c3 org.

What We Do?

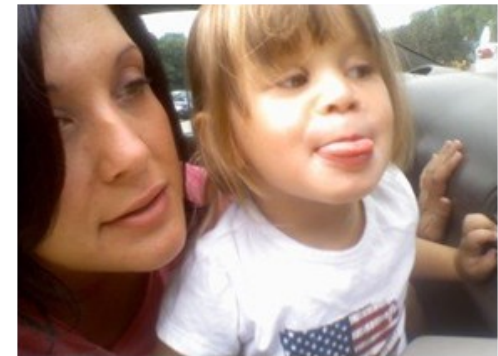

The goal of Java Hope is to give economic empowerment to disenfranchised women. An unemployed, yet actively searching woman is given the opportunity to operate her own coffee cart. She is trained on all aspects of business, from start-up procedures, daily operations, purchasing and book-keeping.

After successful completion of the training, the woman apply for micro financing to acquire their own coffee cart company. Once completed, the cart is purchased and rightfully owned by the woman. As a successful business owner, she is no longer a tax burden, but becomes a proud tax payer. This is a new response to women in need.
