With BERUDA's goal to raise seed funds to construct a poultry farm, buy and raise chicks and purchase necessary medications and vaccines to create an income-generating business that will finance cataract surgeries for high-priority patients. The funds already raise as of 28th February 2013, the sum of \$ 310 that was raise has been able to pay for the sundry brick making and the construction of the poultry farm and we are still owing for labour cost. And more. BERUDA still need **\$2,590** as we have just received another donation of \$300.
