WHO DO WE SUPPORT ?

CHILDREN

- of daily wage earners like maids, vegetable vendors, tailors from single income families having 4 to 5 siblings
- whose parents have neither the time nor the resources needed to educate their children

As of this year we have 200 children under our wing

TESTIMONY FROM VOLUNTEERS & DONORS

“There is always one more kid who needs education whose mother is knocking at the door at ACT. For ACT to say yes to one more child who badly needs a hot meal or a pair of shoes so she can go to school, they need the support from organizations and individuals on a continual basis.”

- *Lea King, Senior Marketing Director, Worldwide Service Provider Cisco System*

TESTIMONY FROM VOLUNTEERS & DONORS

"I have been volunteering with Ashwini Charitable Trust (ACT) since October 2005. I have been teaching Mathematics to the senior children every weekend, since I started volunteering at ACT and it makes me proud to see several of my students now working, some of them in reputed multi-national companies, standing on their own feet and helping their families improve their standard of living. These girls are proof that ACT is taking the right steps towards accomplishing their mission of "educating and empowering underprivileged children and supporting them until they are gainfully employed."

- Arpita Datta, INTEL

TESTIMONY FROM BENEFICIARIES

Our father was a watchman (retired) and mother is a home maker, we were financially weak, it was ACT who supported us over 10 years at times of difficulties and gave us the opportunity to study in one of the reputed schools and colleges in Bangalore.

Even when our father was ill and was hospitalized, ACT gave us financial and psychological support. We have received academic help too such as computer skills, presentation skills, soft skills, character building and tutoring in various subjects and also entertained us with some fun activities.

Now, we are gainfully employed and we support our family, we have cleared all our parent's debts and our focus is to complete our further studies and buy our own house for our parents.

Our journey still continues with ACT - we come on every weekend and volunteer our time with kids in their studies.

- *Lakshmi.B and Revathi.B (sisters)*

FACTS & FIGURES

- We are supporting **200** children in the academic year 2013-14.
- We spend **Rs.13,520/-** per child per year. This amount is used for their educational fees, educational supportive accessories, stationery, vaccines, daily snacks, fortnightly special meal, and birthday celebrations
- Thanks to Global Giving we have collected enough funds to support **31 Children** for this academic year equaling to **Rs. 4,28565/-**.
- We have also collected **Rs. 25278/-** which will be used for 20 pairs shoes, 300 pairs of socks, 7 birthday cakes, 168 stationery kits and daily snacks for 10 days.

ON GOING PROJECTS FOR THE YEAR

- We have already started our operations for this academic year.
- The schools have all started for the academic year so we distributed school bags, and stationery kits to all the children.
- When they come from school to our little activity center they spend an hour and half either working on academics with the help of volunteers or playing games with classmates and friends.
- We provide them with nutritional snacks before they return home.
- We administered Typhoid vaccines to the children.
- We also celebrated the birthdays of 11 children for the month of May.
