

COEEF Program Overview

There are currently over 350 girls in our program now receiving a private school Education in Ethiopia. We work with 16 private schools around the country providing that education.

We have an in-country director that manages the program for us in Ethiopia. He disperses the funds to the schools, drops in unannounced to check on the attendance of the girls in the program. He takes pictures of each girl and has them write a letter to their sponsor at least two times a year. He also manages a fund that helps with medical and personal assistance for our students.

We have our director and/or members of our board that visit Ethiopia twice a year and check on the records of the students. We encourage sponsors to come with us and have a life-changing experience as they see the enthusiasm of the girls who desire to improve their lives. We also do projects to help improve the schools our sponsored students attend. We work with a budget around \$125,000 to help more than 350 girls.

COEEF Program Overview

Number of girls in program:	more than 350 girls
Number of private schools in program:	16 schools
In-country director duties:	He manages the program for us in Ethiopia, and works with the Ethiopian government on licensing. He disperses the funds to the schools, drops in unannounced to check on the attendance of the girls in the program. He takes pictures of each girl and has them write a letter to their sponsor at least two times a year. He also manages a fund that helps with medical and personal assistance for our students.
USA Director/Board duties:	They manage US side of the program, sponsors, paperwork, renewals, fund raising. They visit Ethiopia twice a year and check on the records of the students. We encourage sponsors to come with us and have a life-changing experience as they see the enthusiasm of the girls who desire to improve their lives. We also do a project while there that will help improve a school

that sponsors our girls. We work with a budget around \$125,000 to help more than 350 girls.
