

**PROGRESS REPORT  
REBUILDING OF KALIGATHUK AND MIRISEWU SCHOOL  
FOR INDONESIAN STUDENTS**

On early of March 2007, this both schools were be a target of FTPI on Rebuilding School Program (Kaligathuk and Mirisewu Elementary school) already finished completely, even haven't been given from Gov't yet, how ever the students already used the new school building for study.

Now we feel save for doing our activity, The Principal said. At the same tie we checked a readiness of rooms for other children activities, such as library and computer room. Also we tell them about preparation for providing some units of computers supported by FTPI- Globalgiving for both schools.

Children activity room at Mirisewu ES

Children activity room at Kaligathuk ES

Some units of computers under preparing for Mirisewu school

Some units of computers under preparing for Kaligathuk school

Principal, teachers and students feel very happy to hear that they will be supported with some computer units.
