

A PROJECT TO ENHANCE COMMUNITY OPPORTUNITIES

THE PI-BAGS

This reusable, eco-friendly bag was handmade by women in Chennai, India through a joint venture between Pi Foundation, a not for profit entity based in USA and YRGCARE, Chennai, India- a well known charitable Trust dedicated to HIV prevention and care work. We provide economic empowerment, valuable job skills, and HIV prevention education to vulnerable women, who receive 100% of the wholesale profits from bag sales. Your support is greatly appreciated. For more information about our other fair trade products.
