# STARTS WITH YOU

In South Africa, which has one of the highest unemployment rates in the world, two out of three people age 18 to 28 can't find jobs. Christel House South Africa helps young people overcome this challenge by providing the tools they need to become successful adults. That success begins with completion of the Matric, or graduation exam. Christel House is committed to helping students prepare for this important exam so they can enter the adult world with confidence.

Success begins with a safe place to study.

## Nontando's Story

When Nontando enrolled in Christel House South Africa, she lived in a one-room shack with her family. Now she's a university graduate with a degree in chemical engineering and a job at Chevron Oil. That's the impact Christel House makes.

**"Christel House equipped me to face the world."**

# YOUR GIFT CAN CHANGE LIVES

Many students at Christel House South Africa return home every evening to environments that are unstable and violent. These challenges can interfere with study and increase delinquency. A new facility, known as The Farm, will offer students the safety and tranquility they need to study—and succeed. Your support will help us prepare The Farm to house 50 Christel House students.

*A stable on The Farm property will be converted into student dormitories*

## PLAN YOUR GIFT

Your support can make it happen. Gifts\* received by December 3 will be matched dollar for dollar. Here's what your gift can do.
