2014 Half Yearly Update of our Programs & Events *Wednesday, August 20, 2014*

Dear Sponsors and our Friends,

We are happy for another new School year and happy to see our children doing very well. We have completed the school admissions for all our children by now in India, Nepal, and Philippines. We are thankful to all our volunteers in these countries who have planned well and coordinated everything for our children with their months of hard work. The result is, children are very happy and in School now, enjoying their time with their learning process and also growing each day with the skills needed for their life. Apart from paying the school fees, we have also provided: *Text Books, Note Books, School Uniforms, Shoes & Socks and School Tie & Belt.*

For some of the children in smaller places like towns and villages, we have planned for special tuition after school to ensure our children are not behind in the class as they are studying in good schools with well to do children. For the last 3 weeks, our office staff have completed taking individual pictures of every child and started to email the respective sponsors. By now, they have completed sending the pictures update to 80% of the sponsors and by end of this month, the remaining updates will be sent. Please email me directly if you did not receive the latest pictures of your sponsored children in full school uniform by August 31st.

Below are some other updates
