

## Activities Taken-up Last Quarter

### Special Community batches during Summer Vacation

The Foundation is conducting special community batches during summer vacation to impact more number of children from slums/underprivileged areas. Since the nodal school students are on holiday due to summer vacation the Computer Labs are dedicated for summer batches from 09:30 AM to 06:30 PM. Each project location is conducting 5 batches in a day and a total of 2000+ community children are under training and will be completing their trainings by 5<sup>th</sup> of June. These students will

be empowered with the digital literacy skills and web 2.0 tools. On successful completion of the training these participants will be

given certificates as a token of appreciation.

### Swachh Bharath Abhiyaan (Clean India Campaign) to Preserve the Heritage Monuments

LLF with the help of Dell volunteers conducted a Swachh Bharath Abhiyaan (Clean India Campaign) at Khutub Shahi Tombs (A Heritage Monument in Hyderabad India) and cleaned the entire the premises and the monuments. More than 70 volunteers and 30 students joined this activity.

### A Session on Women Leaders

Volunteers from Dell and students from nodal school participated in the Women's day Celebrations at Govt Girls Higher Secondary School Sriperumbuthr – Chennai. Volunteers oriented the students about the women leaders who impacted the world with their innovative thoughts and strategies. The volunteers also motivated the best performers of the school by giving them gifts and prizes as a token of appreciation.
