Point Voucher encourages users to accumulate points playing games on android and iOS apps, which can then be converted into vouchers redeemable at amusement parks, one-off events, as well as for other prizes.

Point Voucher now works in an active partnership with [GlobalGiving UK](#). They are encouraging users to convert their points to donate to support the charity projects below.

Click on any project to find out more about their work and read the latest update from the field on the difference your donation could make.

Who are we?

GlobalGiving UK is an award winning charity committed to helping vetted, local projects worldwide to thrive -this is to ensure that communities in need get the best support to live safe and secure lives.
