

The Foundation was created in answer to a desperate need for K9 care and education in the Wilson County and surrounding area. Dogs are constantly being dumped, and are either starving to death or being killed by cars. There are also many dogs that are reproducing constantly because owners are not spaying & neutering, and these offspring are ending up on the streets as well. Many of these dogs are in need of medical care as well as food and shelter. While working toward the objectives of the Foundation, the dogs must be cared for and kept safe. Many of them are sick or injured. Arranging for veterinary care and paying for such services is a large part of the Foundation activities. Our program seeks out monetary donations as well as donations of food and pet supplies from grocery and pet stores.

STATISTICS

Our shelter was founded on June 9, 2000, Prior to the Foundation's beginning, we were operating under the "umbrella" of the Dilley Animal Adoption Foundation, Inc. (DAAFI) and since October of 1998, with our small number of volunteers, we have rescued over 900 animals. We are strictly a no kill shelter. Many animals with high price tag disorders and lengthy recuperation time have been cared for and given a new life. All this has come at a high cost in personal funds as well as other privately donated money.

K9 FRIENDS FOR LIFE---The

Foundation believes these dogs are truly an important part of us and we take their lives and well-being very seriously. We search for loving, safe, and caring homes where the dogs remain as family. When you adopt a dog from us, you become part of the family. We gladly take back any dog that we have adopted out that isn't working out in his or her new home, for any reason, for life. In fact, we require the animals be returned to us if they don't work out in their new home. This way, the adoptive parents don't have to worry about what to do and we know the dog is safe back with us.

A Little About Us

The Las Lomas K9 Rescue & Adoption Foundation, a non-profit organization, officially opened on June 9, 2000. The main objectives of the Foundation are to rescue homeless and abandoned dogs from Wilson County and the surrounding areas by:

- (1) Picking them up off the streets, highways, and other deserted areas.
- (2) Taking them from local businesses where they have been dumped and are unwanted.
- (3) Rescuing them from homes where they are no longer wanted or owners can't keep them.
- (4) Removing them from the local veterinarian clinics, where they would be destroyed if not claimed.
- (5) Providing food and water, shelter, medical care, and routine health maintenance.
- (6) Spaying and neutering to reduce the stray population.
- (7) Matching them to responsible, loving homes.

The Las Lomas K9 Rescue & Adoption Foundation has received 501©(3) tax exempt status from the IRS and all donations are tax deductible. Our shelter is in great need of your support! We get no public funding and have to rely on individuals like you to help us out! Please be as generous as you can so we can continue to save the animals! Donations are used strictly for the medical care and treatment of the animals and with your help, we can continue to provide high quality care for the dogs while they await their forever homes! We accept cash or check and you can also donate online by credit card using PayPal.com and email address Kim@dogsrus.org.

Thank you for your support!

Thank you to our sponsors!!!

The Pedigree Foundation

Dogs are shown by appointment only once your adoption application has been approved. This helps make the process go easier for everyone involved and saves us all a lot of time with our hectic schedules. Please email us the application upon completion and will be in touch with you as soon as possible.

NOTE: The shelter is located on private property and the gates are kept locked. Our fosters are all in private homes as well. We all work full time jobs and our time is very limited. The best way to reach us is by email since we can respond when it is too late to call. We appreciate your understanding.
