To the Director  
RACOBATO .

I want to thank you very much for the sanitary <sup>pads</sup>  
I have got. My situation was not good whenever it came  
to menstration period; I used to miss classes by  
staying home pretending to be sick or hide in the bush  
due to the fear to be laughed at by many fellow  
children: this was lacked what 2 use .

We are so pleased for the work you are  
doing for us the poor girls who cannot afford  
buying them .

Thanks to every one who contri~~o~~butes to our
