I always perform six subjects which are, English, Kiswahili, Mathematics, Geography, Civics and ICT. These subjects I always score (A) forever when I don't understand I always ask the teacher. In our school I have two sisters they always help me in my studies up to me to perform my studies they are called Mariam Idrissa Anastazia Edson. I am studying hard in order to be a doctor and I treat people who have problems. That's why I am studying (science) properly. Since I was in ordinary school I didn't know to speak English to write to count in English. But when you helped me and took me in private school Now I know to speak English to write in English and count in English.

I am feeling good to stay at school. when I was in government school I didn't get enough time to study but when I am at private school I am getting enough time to study.
