

April 2018

Hello,

My name is **Paola**, I'm 17 years old and live in San Felipe, Chile.

At the age of three my sweater caught fire and I suffered burns on a large part of my body.

I've undergone several surgeries in COANIQUEM. The last one was for the reconstruction of my eyebrows. The medical team is evaluating now the need of reconstructive surgery on my ears.

I have the opportunity to get a technical degree in High School and I chose nursing studies.

**Thank you for supporting my treatment in COANIQUEM.**
