

Make a lifelong Impact. Sponsor a Girl.

16 year old **Rabi** had never held a pencil when she first joined the ABAN family. **Today** she writes her name proudly and plans to open a small grocery store with her sisters upon graduation.

When you contribute you become a cherished member of our ABAN family. Expect gifts of gratitude from your beloved ABAN girl, monthly program updates from our US and Ghana teams, and an invitation to our summer graduation in Ghana. While direct communication is not required, we do offer the opportunity to be part of our global community through staff-supervised Skype, pen pal, and phone conversations with the girls.

Sponsor a Girl Annual Costs
