

Report / II Quarter 2016/ Media Arts Lab

The kids from Gudupalli, Mittoor and A.Kothapalli School had selected the topic for storybook illustration. They had written the story and design a mini storybook. Later we had given some characters to base on story writing and it has been continuing the process.

The kids from Garegachinapalli school had been selected the topic on Abhivyakti program. We explained briefly about the Abhivyakti program of pinhole camera concept, we showed the videos related to their topic. Each team had designed their pinhole camera and designed on it.

The kids from Kuppam Girls High School had selected the topic on Stop motion animation. We explained the how the process would be in their topic-taking place. Each kid had written the story but most of them was in the textbook. So we suggested writing the story once again.

The kids from Kenumakanapalli School had selected the topic on photography themes like Cultural Games, Agriculture, Historical places, Flowers and Old houses. Kids were framing the design on each photo through in sketch view.

The kids from sanganapalli school had been selected the topic on audio recording. They have recorded the rehearsal on news reading concept they themselves had wrote and recorded it.

Kids selected the topic on media lab functioning in Agastya. They wrote the script and it has been continuing.

Abhivyakti class @ Chennai

Pinhole camera:

The kids developed their photos from pinhole camera, each kids had developed their images and understand the reaction happen in the process. Later we explained about the film reel camera and given to each team members an analog camera with film reel loaded, and explain the instructions about operating the camera, each team selected their themes to capture the images.
