ANN FOUNDATION
EDUCATING AND EMPOWERING CHILDREN WITH DISABILITIES

A Volunteer Service Organization Serving
Children with Disabilities Worldwide

WHO WE ARE

The Ann Foundation is a non-profit, nonsectarian organization committed to Educating and Empowering Children with Disabilities worldwide.

Through mission trips and special projects, we reach out to children with disabilities who might not otherwise receive medical or educational services. Ann Foundation has worked in India and Africa and continues to expand its missions into new areas and communities

Our board of directors and volunteers include physicians, audiologists, engineers and educators who share a belief that with improved educational, health and vocational services, children with disabilities will have the opportunity to reach their full potential.

"The best and the most beautiful things in the world cannot be seen or even touched. They must be felt with the heart"

-Helen Keller

WHAT WE DO

Ann Foundation makes frequent mission trips to various institutions and works closely with NGOs in less-developed countries, sharing new ideas to help children with disabilities learn and connect with the world around them. We create online educational platforms that teach English, Information Technology and social skills, giving these students the confidence to help them succeed in job interviews and life.

A Bridge to Africa: We are Bridging the Digital Divide for Ugandans, for whom opportunities are scarce.
