our mission:

We are a group of high school students committed to making a difference in our community through grant-making and community service

"TGI is more than just a program that gives away money – we're changing the world one grant at a time."

- haneen ali

"Being a youth in the world, I feel like my opinion doesn't matter because we are 'little kids,' but having the opportunity to participate in TGI makes me feel like my opinion matters. I believe the future is in the hands of the youth – what we give is what we get back."

- sueha abdallah

– A Project of ACCESS –

teen grant- making initiative

teen grant-making initiative

are you a high school student in the detroit area...

- Interested in learning more about your community?
- Who wants to make a difference?
- Interested in meeting new people who share a passion for community change?
- Looking for opportunities to become a leader in your community?
- Looking for community service hours?
- Hoping to elevate your prospects for college admissions and scholarship opportunities?

then join
tgj for...

community
service

We participate in community service projects across the Detroit area with youth from other communities and schools.

We raise funds from the community to impact causes and issues that are important to us.

fund
raising

grant-making

We make grants to support organizations that have a significant impact on young people in our community
