Anything Anywhere to Support Girls' Education Project in Nepal

Enjoy NVF Day with like-minded friends and family members by organising activities to help fundraise for Nepal Village Foundation- a registered UK charity specifically to educate girls from poor and Dalit families in rural Nepal. NVF is making real progress in an area of girl's education which has been ignored for years because of traditional, cultural and monetary reasons but they need you. Be the one to help create educational progress.

£90 costs to sponsor a girl for a year in primary and secondary schooling and £250 in higher secondary education in Nepal.
