

AUDIT OF THE MAASAI GIRL SCHOOLS ON 19th & 20th OF SEPTEMBER 2019  
Vivian Wanjiru October 14 2019

The trip to Kisii was a success. We visited girls in different schools and had a chance to have a conversation on one by one basis. Most of the girls according to the convention we had are no longer under the threat of FGM. We also had chance to talk to the head teacher, deputy head teacher and some class teachers so we could get information on the students' academic performance and fee balances.
