

# Digital Learning at Aarohi Bal Sansar

In light of the COVID-19 pandemic across the world, education has been indirectly affected in many parts of the world, especially rural areas. Various online teaching trials and initiatives have been witnessed. Aarohi 's education team also conducted an e-learning intervention starting April 2020. Having run the project for six months, an online rapid assessment was conducted by the team to study the challenges caused by the epidemic, measures taken towards them and efficiency of the intervention, focusing on Himalayan learners from surrounding villages.

Area of Study: 12 villages under Ramgarh development block, District-Nainital, State- Uttarakhand

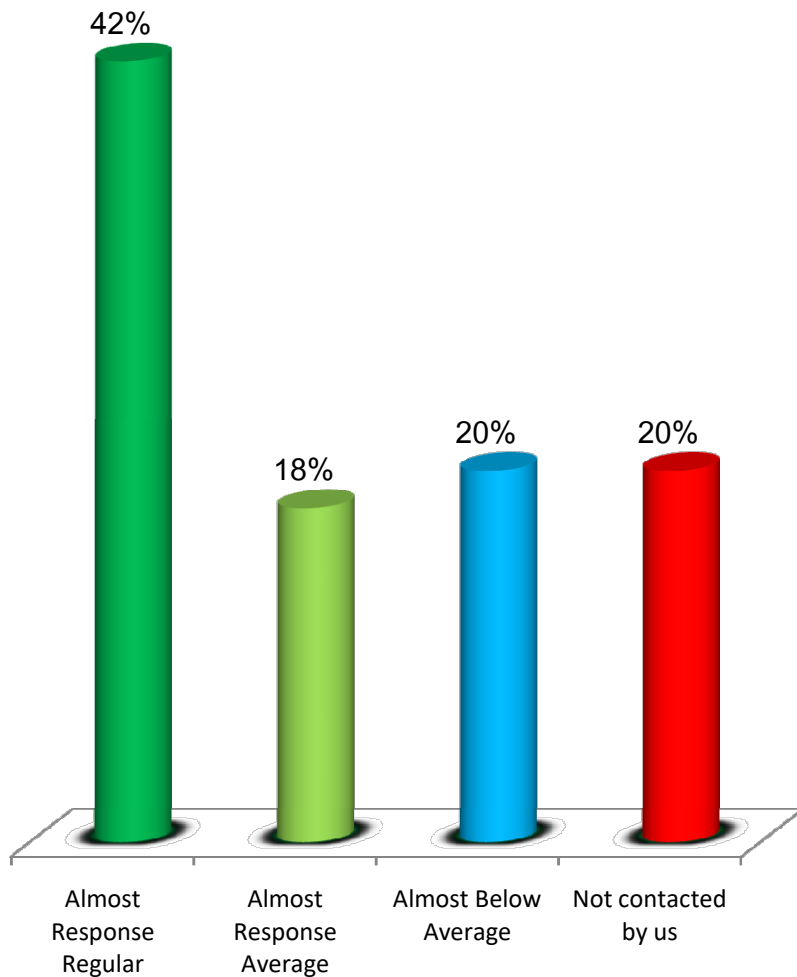

The telephonic data collection was done by Aarohi Bal Sansar teachers trying their best to reach out to each parent.

# Learning through WhatsApp

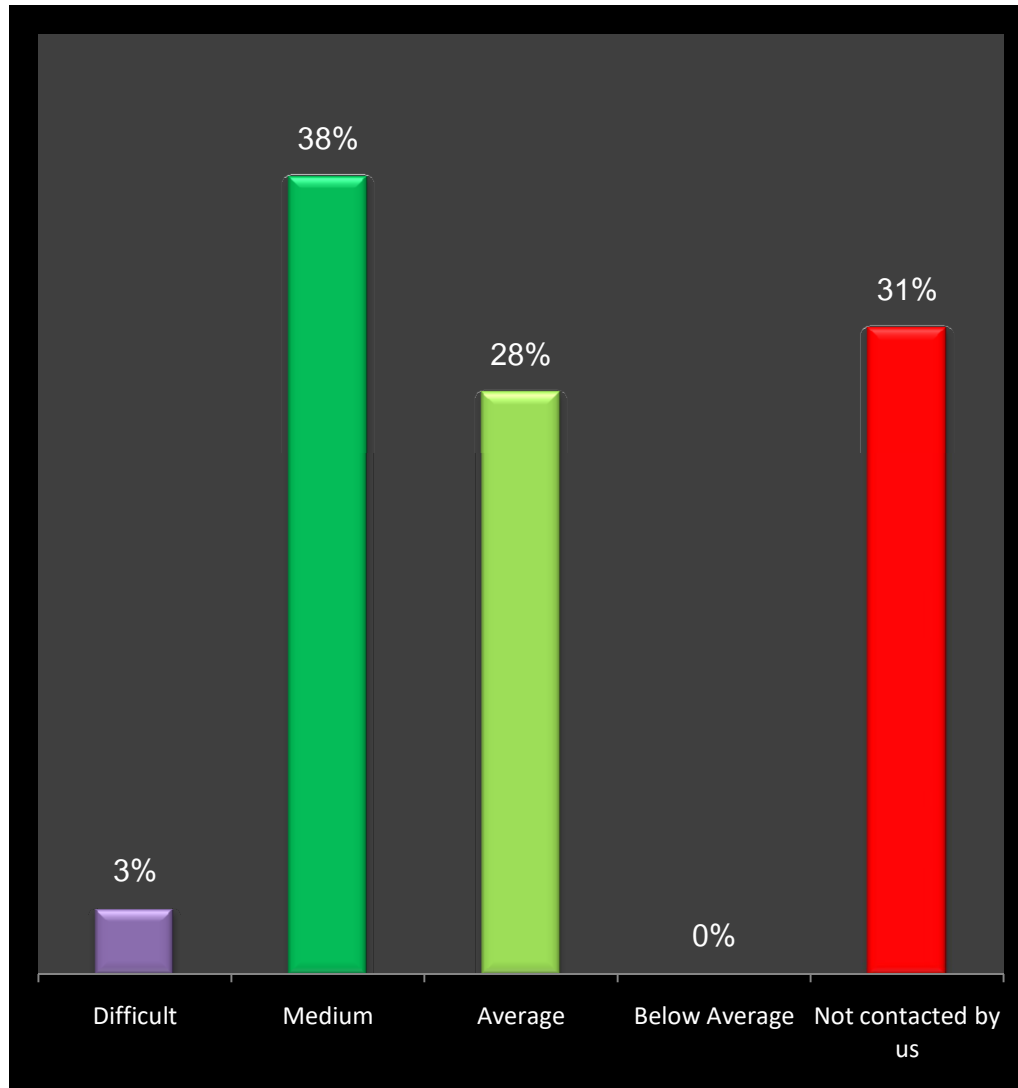

Considering the network, smart phones and bandwidth limitations, online homework was sent through WhatsApp. Groups for each class was made and monitored by teachers. 76% Parents of Aarohi students used WhatsApp as a tool for their child's studies.

## Response of parents in School's WhatsApp Group

- Approximately 42% of the Parents sent the work of children in WhatsApp groups every day
- On an average, 18% of the Parents send their work in one/two days interval
- On average, 20% Parents send children's activities weekly to the groups.
- 20% Parents could not be contacted to review the online work given in the earlier months
- About 60% of the children could be monitored through online intervention

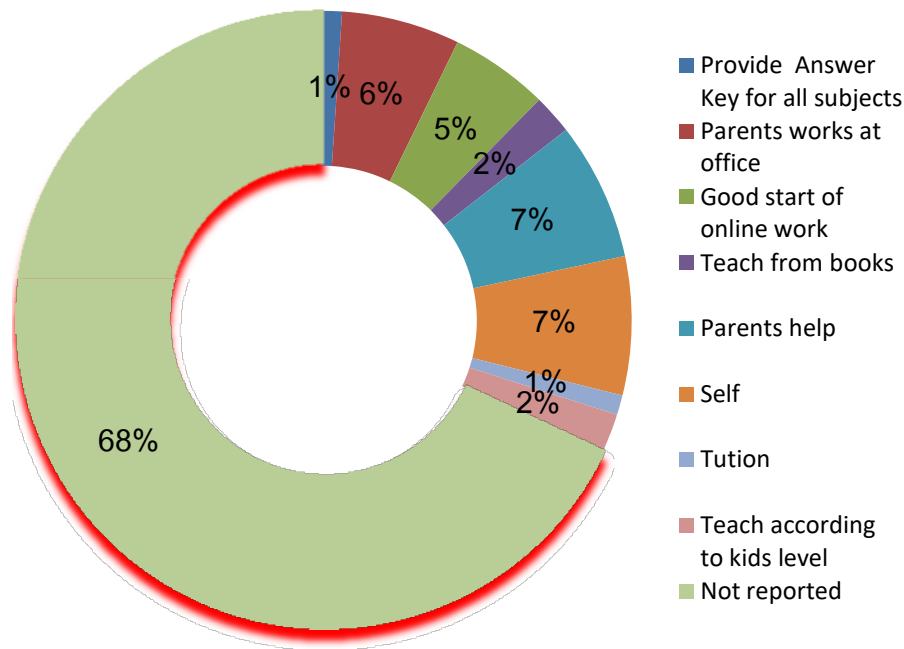

## How was the Homework? (Filled after discussion with parents/students)

- Only 3% parents felt that the home work / online teaching of ABS teachers was difficult.
- 38% Parents said that home work / online teaching is neither too difficult nor too easy.
- 28% were Parents who said that home work / online teaching is as per normal / child level.
- There was no Parent for whom home work / online teaching was of very low standard.
- 31% Parents could not be contacted about this.

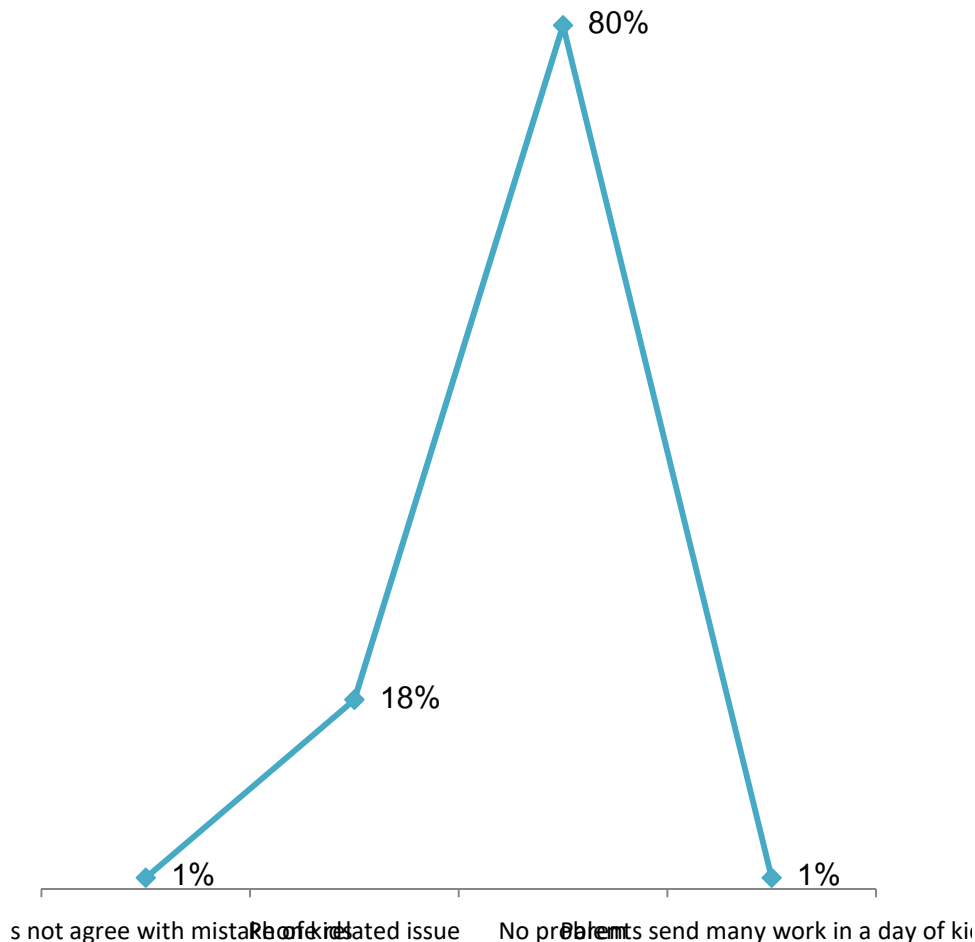

Based on the data it seems that the level of home work / online teaching was right.

# Parents reaction to Online teaching

- 1% of the Parents said that answers to all the topics should be told simultaneously.
- 6% were such guardians who were working in some office, they used to go in the morning and come back in the evening. Therefore, they had a lot of difficulty in giving time to the children.
- 5% were Parents who said that this initiative is fantastic.
- 2% were such Parents who said that from now on, teaching work should be done through text-books.
- 7% were such Parents who are engaged in providing education to the children themselves with the help of teachers at home.
- 7% of children are able to work on their own.
- 1% children are taking help from home tutors to do homework.
- 2% of Parents said that children should be taught according to their level.
- 68% of the Parents could not give any response. There are also Parents who could not be contacted and who had nothing to say on this process.

बादशाह बार-बार इसी गीत की फरमाईश कर रहा था।

फिर से यही गीत सुनाओ।

अचानक दरबान ने बादशाह के कान में कुछ कहा। बादशाह चौंक कर बोला

क्या? जासूस और इस वक्त?

हुजूर! जरूर कोई अहम खबर होगी।

बादशाह ने फौरन हुकम दिया।

बात पूरी होने से पहले ही जासूस को बादशाह के सामने हाज़िर किया गया। बादशाह ने दरबार खाली करने का आदेश दिया।

जासूस को इसी वक्त दरबार में हाज़िर किया जाए।

तखलिया

बादशाह के सामने जासूस हाज़िर हुआ।

जासूस ने सरगोशी से बताना शुरू किया।

कहा क्या खबर है सब खैरियत तो है?

हाँ बादशाह सलामत सब खैरियत है।

हुजूर! हर जगह आपकी ही चर्चा है लेकिन.....

## पानी कैसे साफ़ करें?

गीता और विपिन घर में खेल रहे थे। उसी दौरान उन्होंने अपने बड़े माई की किताब देखी।

उस किताब में पानी साफ़ करने का एक प्रयोग दिया गया था। आइए गीता और विपिन के साथ इस प्रयोग के बारे में पढ़ें।

### साफ़ करने की विधि

**1** सबसे पहले पानी लेकर बर्तन में रख लें। उसमें मिले हुए कंकड़-पत्थर थोड़ी देर में बैठ जाएंगे।

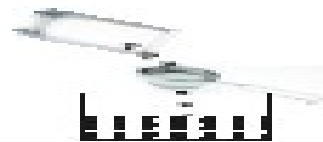

**2** फिर ऊपर के पानी को सावधानी से अलग कर लें।

**3** अभी भी इस पानी में कुछ मिट्टी आदि मिली होगी।

**4** इसको छलनी से छान लें।

**5** फिर पानी में मौजूद कीटाणु (Germs) को मारने के लिए उसको कम से कम 10 मिनट तक उबाल (Boil) लें।

यह पानी पीने लायक हो जाएगा। है ना, आसान तरीका!
