
KID & FAMILY

“SOS” Relief Distributions

Non-governmental, non-profit charity organisation, Athens, GREECE - Operating since 2008

A Message from our Founder

Dear Friends and Philanthropists,

In demanding times, we need to be more demanding ourselves.

The economic crisis in countries like Greece has torn the social fabric, leaving hundreds of thousands unemployed, homeless or both. People unaccustomed with poverty stand helpless, as the State has failed to provide viable alternatives for them. We must step in, as we have always done, and provide these people, especially innocent kids, with Hope. Caring for urgent everyday needs but, most importantly, aiding them in confronting their misery and actively escaping it.

This means we need to teach them fishing, not just provide them with some fish. We need to encourage them and train them. We are confident we Can. Some of them will even become our future partners, tomorrow's Volunteers who will help us broaden our reach and cover as many problematic areas as possible.

We need your Donations so we can continue Helping!

Roumpini Terzaki, *Founder & Managing Director*

KID & FAMILY Distributions Philosophy

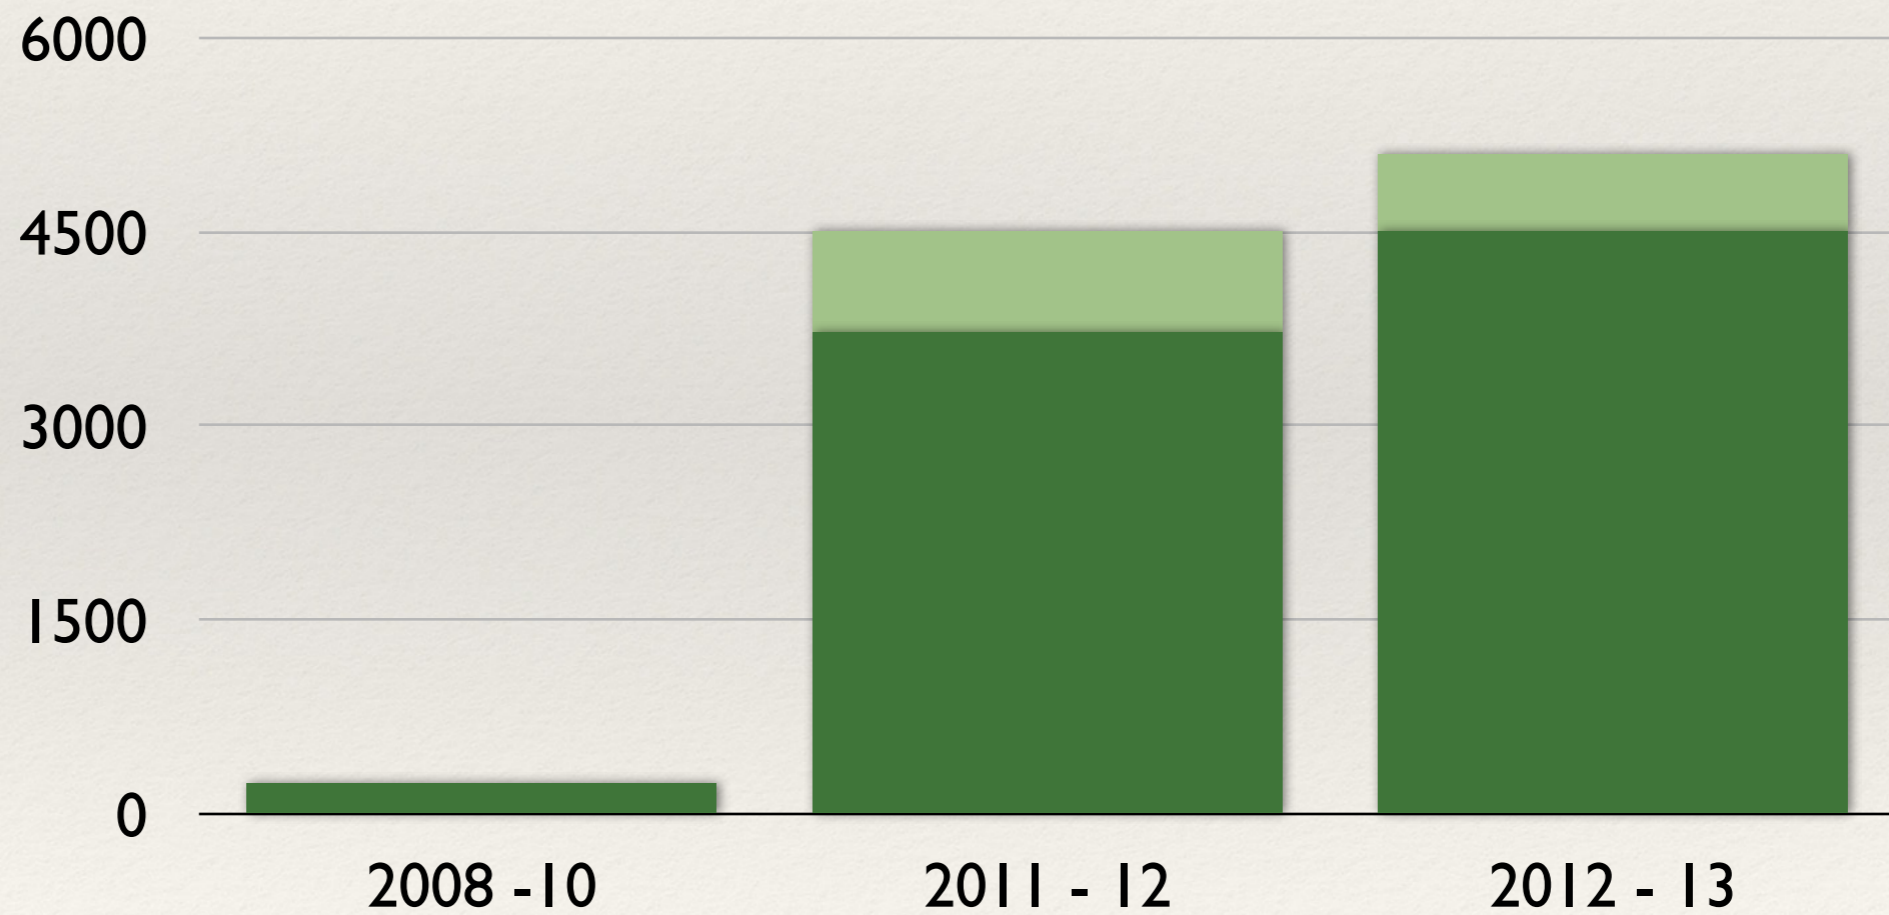

- **Receivers' DIGNITY our Top Priority.**
When other local non-profits urge people in need to queue for help, we discreetly DELIVER directly to 4,750 family homes. On a permanent basis. Extras, like e.g. Primary Health Services, are provided FREE through 138 volunteer MD private practices.
- **The "WAVE of VOLUNTEERS" account for 100% of our staff.**
In fact, we have NO paid staff at all. We make sure everyone involved in the Distributions Process is well-trained and experienced. Not just the drivers: our Resident Psychologist volunteers boast 15 yrs experience on average.
- **Funding and Supplies ONLY from Private Donors.**
Absolutely NO funding from government-related sources, when most local non-profits rely on such. Private Donors, Institutions, Foundations & Commercial companies account for 100% of our income & distributable goods. We do not want any "strings attached".
- **We INNOVATE constantly to broaden our reach.**
Our CHARITY SHOPS are the only ones of their kind operating in Greece. Our past series of annual KIDS' ART FESTIVALS helped build a great pool of supporters who are now contributing Members.

And there's MORE in the pipeline... with YOUR HELP!

KID & FAMILY Distributions' Annual Progress

- Rest of Greece
- Athens (capital)

*All Data reflect 2013 situation

KID & FAMILY: Beyond Distributions

- *In addition to providing Families with a complete Essential Supplies box (we are the only organization in Greece to provide items beyond food and medicinal drugs - like personal hygiene goods, school supplies and books), families also have access to:*
- **Network of 138 Volunteer Doctors**, providing FREE Primary Health Care at their private practices;
- **Network of 46 Volunteer Teachers**, providing FREE after-school study support services for young pupils who need such;
- **Our 70 Volunteer Accredited Psychologists**, providing FREE psychological support to both parents and children.
