

XAVIER PROJECT

EDUCATION PROGRAMME

67%

of refugee children in Nairobi can't afford to go to secondary school.

XAVIER PROJECT pays for the most poor and vulnerable of these to go to school.

School fees

We pay for refugees to attend secondary school, including tuition fees, accommodation, food, uniform & books..

Holiday camps

We run camps to help the children perform better at school, including English lessons and revision classes.

Mentoring

Our older kids mentor the younger ones who face unique challenges at school such as racial discrimination.

\$80 per month will enable one child to go to school but we would kindly welcome any regular donation. Sponsors will receive updates on the children's progress twice a year.
