Report on the activities of the ANO "Assistance to homeless dogs" for 2021

Who are we and what are we doing

ANO "Assistance to homeless dogs" (ANO "PBS") was founded on March 20, 2008 by Kira Nikitina and Tatiana Sheina to ensure the life of a shelter for homeless dogs, and later cats. Our shelter is non-governmental - it carries out its activities on donations from individuals and legal entities, subsidies and grants.

Since February 2010, ANO "Assistance to Homeless Dogs" has been a member of the National Association of Animal Welfare Organizations "We are Together".

Over the years, the organization has formed a friendly team of professionals – dog and cat care staff, veterinarians, dog handlers. Officially, 10 people have been registered to work in the ANO.

Our Mission: preserving the health of pets, promoting careful treatment of animals, helping animals left without owners.

Goals and Objectives:

The maintenance, expansion and development of the shelter, the introduction into practice of new projects aimed at protecting homeless animals and humane control over their population.

Expansion of cooperation with other animal protection organizations

Organizations in Russia and abroad.

Prevention of cases of cruelty to animals.

Raising the level of ethical and humane attitude towards animals in society.

Improving and strengthening legislation aimed at protecting animals.

During the existence of the shelter, fate has given us the acquaintance with many wonderful people, without whose participation the life of our pets could not have turned out so well. These are our care staff, veterinary specialists, dog handlers, volunteers and sponsors.

We don't have enough pages to list the entire friendly team of the shelter. Therefore, we introduce you only to some of them.

Keeping animals in care ANO "Assistance to homeless dogs"

The shelter is located in the Nevsky district of St. Petersburg in a five-story building of a former sock and hosiery factory, with an area of 5,000 m². On the basis of the shelter, residential, walking enclosures for dogs, a "Cat house", a veterinary center are organized.

Search for new families for animals in care ANO "Assistance to homeless dogs"

The organization pays special attention to the selection of new families for the shelter's pets. We have no goal to give the animal away faster, we try to find truly loving and responsible people who can give the animal care and care. All animals are transferred to families according to certain rules.

Most of the shelter's pets are not young, have various chronic diseases, disabilities; it is quite difficult for such animals to find a family. In 2021, new families acquired 87 animals.

КИНОЛОГИЧЕСКИЙ
ПЛЕМЕННОЙ ЦЕНТР

It was formed in 2005. He has a license for educational activities in the cynological field, as well as a certificate of registration in the NGO RFSS.

The main activities of the center: training of dogs for the protection of various objects and the search for special smells; working breeding and show breeding of dogs; training of dog handlers and novice dog breeders.

For students of two-year cynological courses, optional training is additionally offered in the following areas: - training of dogs (intact) in the initial obedience skills; - analysis of dog behavior in dynamics, identification of behavioral problems and development of ways to correct them, work on the socialization of dogs.

Optional training takes place on the basis of our shelter. Classes are conducted individually with each student and a specific dog assigned to him.

Point of preferential sterilization, vaccination, vet. assistance to the ANO "Assistance to homeless dogs"

In 2009, on the basis of the shelter, we created the veterinary center "Positive" - the only clinic of its kind, there were no analogues of this project in Russia.

Our veterinary center receives stray dogs and cats who have suffered from human cruelty, hit by cars on the roads of the city and region. Many of them remain disabled and live in a shelter. We never refuse medical care to animals from other shelters in our city, as well as to those animals whose owners, for objective reasons, cannot pay for expensive treatment.

In 2021, 140 animals were operated on and cured.

Стационар для больных животных

A preferential sterilization point operates on the basis of the veterinary center.

In 2021, 679 cats were neutered under the preferential sterilization program.

Conducting excursions, kindness lessons for preschoolers, schoolchildren, students

One of the goals of our Foundation is to raise the level of ethical and humane attitude towards animals in society. The main work in this area is carried out among children and teenagers, but sometimes corporate volunteering groups also come to us.

On the basis of the shelter, kindness lessons, excursions, contests of stories and drawings are held. The children are told about homeless animals, shelters, and volunteer activities. You can also chat with the shelter's pets, learn their stories, and take care of them.

International cooperation Exchange of experience with the regions of the Russian Federation

One of the goals of the Foundation is to expand cooperation with other animal protection organizations in Russia and abroad, to put into practice new projects aimed at protecting homeless animals and humanely controlling their population.

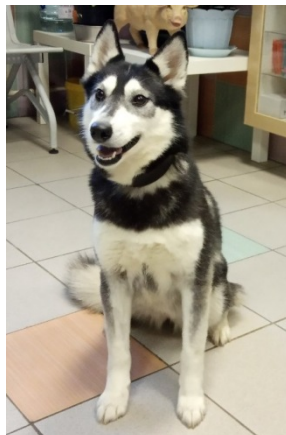

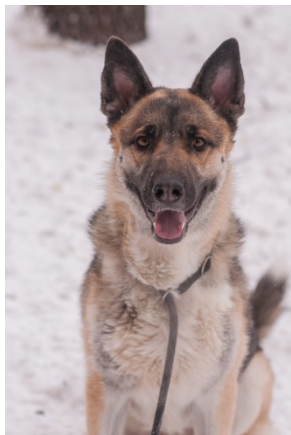

Our Foundation cooperates with several foreign public organizations from Germany and Finland on the search for new families for shelter pets, as well as the exchange of experience in the maintenance of shelters.

We, in turn, are always open to contact with regional NGOs:

conducting excursions around the shelter with a detailed story about the organization of the shelter's life – the layout of the shelter, the organization of feeding, walking, maintaining accounting documentation, etc.;

training of veterinarians on the basis of our veterinary center;

writing appeals to regional authorities with requests to support initiatives aimed at protecting homeless animals.

Gratitude from ANO "Help for stray dogs"

ANO "Help for Stray Dogs" expresses its great gratitude for the fruitful cooperation to everyone who has been with us over the years!

To all those who supported us in word and deed on this path. Who provided financial assistance, brought food, canned food, medicines, who helped with transportation, photographed, shot videos, made mockups, and just wished us good luck!

Only together we will be able to move forward and continue what we started at such a high level!

Thank you for being with us!
