

# JUNIOR ACHIEVEMENT

Financial Literacy | Entrepreneurship | Work Readiness

## OVERVIEW

JUNIOR ACHIEVEMENT TEACHES KIDS ABOUT WORK AND MONEY

We develop financially secure, high-performing members of our future workforce by teaching youth, kindergarten through high school, about entrepreneurship, financial literacy and work readiness through classroom and experiential education programs.

WE PARTNER  
WITH MORE THAN

**7,900** VOLUNTEERS

**+** **370** SCHOOLS

TO  
SERVE

**98,000** YOUTH  
EACH YEAR

### ELEMENTARY SCHOOL

## BUILDING A FOUNDATION

Students learn basic concepts of business and economics using an interactive approach for all learning styles. Topics such as earning, saving, working, payroll and STEM (science, technology, engineering and math) are covered.

### MIDDLE SCHOOL

## TALKING BUSINESS

Students envision possibilities of what they can be, and they continue to prepare for their educational and professional future. Students learn about entrepreneurship, critical thinking, job hunting and the global economy.

### HIGH SCHOOL

## READY FOR THE NEXT STEP

The curriculum teaches students about the skills required for jobs in high-growth industries, and also about personal finance including spending, saving and investing.

# JUNIOR ACHIEVEMENT

Financial Literacy | Entrepreneurship | Work Readiness

## EXPERIENTIAL EDUCATION

### JA BizTown® | GRADES 4-6

Each year, more than 20,000 children learn economic concepts, workplace skills, and personal and business finances in a student-sized town built just for them.

### JA Finance Park® | MIDDLE & HIGH SCHOOL

Through an experiential, real-life simulation introducing financial planning and career exploration, students receive individual life scenarios that consist of a job, salary, and family situation, and they make “adult” financial decisions.
