

Dear Mr. Anderson

I have been working hard on job hunting from April.

I have also been working hard on studying the EIKEN Test in Practical English Proficiency.

And I got the EIKEN Test in Practical English Proficiency pre 2<sup>nd</sup>. I was very nervous at the interview test, but, it was good experience because I heard native English.

Summer vacation is over, I was very encouraged.

I will work hard for the rest of my school life.

I became 20 years old in July.

I will have self-awareness as a member of society in the future.
