// I work here from next year !! //

Hello, Mr. Anderson. It's been a long time.

Thank you so much for always watching over me from a distance.

For 2 months, I want to practice at a resort hotel called  
"Forest of kashima" in Nagano Prefecture in the summer of this year.

So I learned a lot of things.

At first I just failed at work because I did not get used to it,

I thought about how to make customers enjoy hotel stay,  
or a good way for employees to work.

My happiest story is about.

An elderly who come to stay in this hotel every year.

They said, "Your smile is nice. You will get used to  
being a fine hotelier."

I'm very happy. Even if it was hard then, I was able to  
work hard with these encouraging words.

I plan to go to a local inn this time.

I have learned corporate information little by little.

I hope for a local job in the future.

So I will do my best that I can pile up a lot of practice now,  
and able to use service with a smile to the customer.

Thank you for your warm support in the future.

Dear Mr. Anderson

I've been training in Urabandai Hotel for one and a half months, in Fukushima prefecture by using the period of summer vacation.

There, My work was to service free shared ice at restaurant and housekeeping.

Contacting with many customers was a lot of fun.

Thanks you I have learned at school service from April, I was able to finish the practice without a big problem.

I will go to practice in winter break again.

Now I increase my feeling forwards it.

I work hard to learn hotel service every day.

Thank you so much for thinking about us.

Please keep watching us from now on.

Dear Mr. Anderson

Hello.

How are you? I'm fine.

Thank you always for your aid.

I'm studying about hotels and weddings from April in school.

Training was actually carried out in Summer for about two months in a hotel.

I was allowed to consider the business of guest room cleaning as restaurant service there.

Since it passed through much work and it was completed, a very good experience was made.

I hope, taking advantage of the experience, I can approach my future dream.

Since my present target is finding a job at a dress shop, I would like to study a lot about weddings.

Please take good care of yourself.
