CORPORATE PARTNERS PROGRAM

Help students on their journey to success

ADMISSION IS ONLY HALF THE BATTLE

Only about half of the students who start college in the US will earn a degree.
The rest—mostly low-income, first-generation and minority students—will not graduate.

College costs have risen more than 200% in the last 20 years.
Most students who drop out do so due to an unmet financial need with little to no family support.

Low-income students face unique challenges.
These students are often responsible for supporting their families and despite their best efforts, balancing school and work is a major challenge.

“St. George’s Society’s vision and generosity enable students to gain an important foothold on the path towards fulfilling their dreams.”

Jennifer Raab
President, Hunter College

CLOSING THE GAP

Since 2008, St. George’s Society’s Scholarship Program has helped low-income students at Lehman and Hunter Colleges complete their education and launch their careers. We are a proud supporter of City University of New York’s (CUNY) mission to provide quality and accessible education regardless of background or means, and our long-term goal is to provide scholarships at CUNY institutions across all five boroughs of New York.

“The generosity of St. George’s Society has a profound effect and impact on the lives of our students, opening doors that would otherwise have remained closed to them.”

José Louis Cruz
President, Lehman College

Since its inception, the Program has awarded almost \$1 million to deserving students, enabling them to complete their degrees.

INVEST IN THE FUTURE

Higher education serves as an engine of social mobility and economic growth. Research shows that when financial barriers are removed for high-achieving, low-income students, they succeed at the same or higher rates than their peers. By investing in our Corporate Partners Program, your company can ensure the success and future of tomorrow’s leaders.
