

Move Over.....the new DJ is here!

“During our last meeting with GEMINI personnel, one of the project beneficiaries inquired if there was a way we could communicate with all the people that continue to support us. We were told to type our *Thank You* letters and that they would be forwarded to all of you. This is my story.

“I’m Ruth, 29 years old and a single mother. All my life I have worked as a house help, sometimes a very degrading job. I have been mistreated. I have been summarily dismissed like a hundred times. It’s so humiliating!

“I never completed my primary education. I have no skills to enable me seek formal employment. Basically I know my life options are very limited. Yet in three years’ time, my son will be joining secondary education. And I have no savings!

“But all is not lost, not yet anyway. For the past eight weeks, I have been attending GEMINI counseling sessions. I’m slowly regaining my self-esteem and with their assistance, I’m developing my life’s three year plan to ensure my son does not fail to get an education.

“I’ve also enrolled in their DJ Academy....a creative program that converts young people’s entertainment needs into entrepreneurship opportunities. I hope I will be among the top ten who will be provided with employment by an entertainment firm that is providing technical assistance to the program.

“I cannot find adequate words to express my gratitude for all your support and I just hope that this letter will encourage YOU to continue extending your help to us. We now have a future...a future that can be more certain and fulfilling with your continued encouragement.

“Thanks so much.....and I promise you will be hearing from me again!!”
