Intervention Model

DETECCIÓN Y ASIGNACIÓN

Volunteers, community leaders and other influential actors identify and characterize the vulnerability of households and settlements.

BÚSQUEDA DE SOLUCIONES

TECHO generates participatory spaces and develops specific solutions with the residents of the community, in the purpose of confronting the identified needs

CONSTRUCCIÓN DE VIVIENDAS DE EMERGENCIA

Precarious housing = priority problem

The process begins with the construction of transitional housing between volunteers and families in the community.

MESA DE TRABAJO

Community-organizing committee is the weekly meeting and dialogue between community leaders and volunteers. It identified other priority needs and develop programs to confront them.

VINCULACIÓN A REDES

TECHO promotes bonding networks to enhance these programs and to develop other projects.

PLANES DE HABILITACIÓN SOCIAL

The main programs developed are: Education, Labour, Health, Competitive Funds, Productive Development.

FOMENTO PRODUCTIVO

FONDOS CONCURSABLES

As a third phase of the intervention, the implementation of lasting and sustainable solutions is promoted in slums, such as: regularization of property, basic services, housing, infrastructure and local development.

IMPLEMENTACIÓN DE SOLUCIONES DEFINITIVAS

These solutions enhance the individual and collective self-management skills in the community and involve volunteers in a process of sensitization and awareness on poverty and its causes, which lead them to act and mobilize to generate real change.
