

Over 8,000 farmers have registered with PDS since 2011

Shivia has distributed over 27,000 poultry toolkits to families living in poverty

As we teach the whole family to rear chickens PDS has impacted c. 48,000 people

PDS enables farmers (mainly women) to earn a small but regular income.

PDS encourages self-sufficiency through enterprise - not just aid

Sale of eggs can increase household income by 30% per year

Children benefit from increase in income through access to education, healthcare and better food

Women are empowered by making spending decisions and are most likely to spend income on their children

Women are empowered by the opportunity to earn money - they gain respect of the family
