

Christian Fellowship and Care Foundation

(CHRIFACAF), is a registered non-profit organization established in 2007, whose aim is to provide free health care and humanitarian services to the surrounding rural communities in Nigeria and beyond in partnership with local and international humanitarian service providers.

CHRIFACAF partners with communities, organizations, individuals, and governments to achieve synergies and improve the quality of human life through different activities:

Education, Health, Economic Development, Water, Sanitation and Hygiene, and Indigenous People's development.

CFCF is dedicated to working with the elderly, youth, widows, disable, women, orphans and vulnerable children, families and their communities in Imo State, Nigeria. Our aim is to help these people reach their fullest potential by tackling the causes of poverty and injustice that affects them daily.

Vision:

CHRIFACAF envision a world where people are less poor. A place where anyone can get a good education, access to health care, economic opportunity, and a planet where people have a sustainable future.

Commitment:

CHRIFACAF is committed to giving humanitarian services to the most needy in the communities responsibly, while building a relationship of trust with our Partners.

Why We Do It:

CHRIFACAF believe that respect for human rights and personhood will help lift people out of poverty and injustice, allowing them to assert their dignity and guarantee their sustainable development to fulfill their potential to live positive, healthy lives and contribute also to the development of the society in which they live.

Who We Serve:

CHRIFACAF serves all people regardless of their ethnic origin, colour, and creed, political or religious affiliations. We simply help those in need, mostly the poorest of the poor in the communities.

Sending Hope. Saving Lives.

**Help Give Backpack Of Hope
To A Child In Nigeria**

www.globalgiving.org/projects/give-backpack-to-a-child-in-nigeria/

It's back-to-school time in Nigeria, where the school year runs in three terms: September to December, January to April, and April to July/August.

Help us collect \$4,000 and CFCF will gain a permanent spot with GlobalGiving!

Help Give Backpack Of Hope To A Child In Nigeria

Summary:

This project will provide school kits to impoverished and underprivileged school children in Ehime Mbano, Nigeria, so they may access the education needed to battle poverty and enable them go to school without a disadvantage, their very own school supplies and essentials, means they will be ready to achieve their educational goals. With your support, we can give children a chance at success by providing them with the tools necessary for a complete education.

What is the issue, problem, or challenge?

Many children in Ehime Mbano, Imo State, Nigeria are proud to come to school to learn, often unlike their parents. They walk long distances on dirt roads and

Project Message:

"Without the proper tools to learn, a child's chance at success is dramatically decreased. Many families cannot afford the costs associated with attending school, such as buying a uniform or purchasing school supplies. These kits will relieve one of the family's financial obstacles of providing their children with the education needed to battle poverty".

~ Albert Ezeigwe, Project Leader

have to learn in very bad conditions, with no paper, no pen, sometimes no chalk for the teachers, with 40 or more children packed in a class. Students are usually able to borrow chalk and chalkboards while in class, but they can't take down a permanent record of what they learned for the day to look back on later, some children resort to writing in the margins of the notebooks already used by their brothers and sisters in the years before. These children long to have their own very school kit. But many parents are living in poverty, have no regular income and cannot afford them. Without basic school supplies, these children will be forced to drop out, demotivated and becomes ill prepared to get the most out of their studies, hence closing the door on the opportunities education provides.

How will this project solve this problem?

At CHRIFACAF, we are committed to ensuring that at least one of the costs associated with attending school is alleviated. With your support, we will provide underprivileged children with school kits (packs) containing the following items: 1 backpack (school bag), 6 exercise books, 1 pencil case, 2 ball point pens (blue or black), 4 pencils, 1 x 30cm ruler (with metric measurements), 2 erasers, 1 pencil sharpener, 1 pack crayons- mean that a child will have the necessary tools for class.

“Simple JOYS...Basic study materials brings excitement especially to early learners to go to school despite of their long journey walk to school...”

Total Funding Goal: \$12,000

- \$10 Will help provide a pack of pencils
- \$20 Will help provide a backpack filled with school supplies and essentials for a child
- \$40 Will help provide backpacks filled with school supplies and essentials for 2 children
- \$80 Will help provide backpacks filled with school supplies and essentials for 4 children
- \$100 Will help provide backpacks filled with school supplies and essentials for 5 children

Potential Long Term Impact

The project will improve learning environment with a strong impact on the quality of education and motivation of the children, which will enable them to forge a better tomorrow for themselves, their families and their communities. By providing better learning conditions to children keen to learn, drop-out rates decrease and secondary school enrolment ratio increase.

Project Goal:

Our goal is to give children a chance at success by providing them with the tools necessary to complete education that will enable them go to school without a disadvantage, their very own school supplies and essentials.

Description of Target Beneficiaries:

We intend to reach four elementary schools, all in Ehime Mbano, Imo State, Nigeria.

- Central School Umuezeala Owerre (450 pupils)
- Ibeafere Primary School (250 pupils)
- Umuopara Primary School (350 pupils)
- Isiorie Primary School (210 pupils)

The age of the children to be reached:

The children are between 6 and 14 years old.
