RESULTS THAT MATTER
WITH HELP FROM YOU...
Uninsured, low-income adults are living healthier, more productive lives.

More than 1/2 of our patients suffer with chronic and severe illnesses. Hope Clinic provides patient-centered healthcare that includes medical care, prescriptions, labs and diagnostic testing, dental care, mental health counseling, and referrals to specialists.

HEALTH

762
People received comprehensive medical care, medications, tests, education, and advocacy.

VISITS

2,782
762 patients were able to receive appointments with our clinical staff.

PRESCRIPTIONS

10,000
Patients received more than 10,000 medications vital to their health, free of charge.

VOLUNTEERS

7,600
More than 130 volunteers provided clinical and non-clinical hours.

Providing Hope and Health.

Without your donations, we would be unable to take care of the critical medical needs of our low-income, uninsured neighbors. With a part-time staff of nine, and more than 130 volunteers, Hope Clinic stands strong as we provide patient-centered care while being responsible stewards of your donation.

Hope Clinic is the most economical source for healthcare in our community. Last year, we provided $1,909,600 worth of care to people who would otherwise have had to visit the emergency room or have gone without vital care. With an annual operating budget of $244,595, Hope Clinic was able multiply the value of each dollar by 7 ½ times. Hope Clinic also saves the local hospital emergency room thousands of dollars each year.

Since 1999, we have made a difference in the lives of more than 2,000 men and women. Hope Clinic will continue to play a vital role in healthcare in our community. Please consider a gift so we can continue taking care of the underserved in our community.

To see your dollars at work and the good you’re helping us accomplish, please see the back side of this card.

We welcome the chance to show you around the clinic. Give us at call at (252) 745-5760 or visit our website: www.hopedclinicnc.org
