“I thought it was the end of the road for me and my family. But even as we watched, the attackers hacked to death my only cow...we were lucky to have survived and even luckier to be rescued by GEMINI from starvation,”

-Jennifer Waithera

“Though nobody in my family was killed, I still shudder to think of that gruesome period. But I believe Stella and her group were sent by God to feed us...”

-Milka Njeri

“I had to bury my teenage son in a shallow grave.....I still believe that counseling from GEMINI staff eventually prevented me from avenging his unnecessary death.”

-K.N.M
