

Non Formal Education Center – Village Dulawatn Ka Guda

Kishan Lal Gameti- the teacher at the NFE is very passionate about his work. He makes the learning enjoyable. This month the children performed a drama on the story called “The Monkey And The Crocodile”. Kishan explained the story first and then helped three of his pupils perform it for other children. All the children were thrilled to see it being performed. It was a lot more fun for them that just reading it from their book.

In the end Kishan explained them the moral of the story- i.e. “ Wicked people never change and are not trustworthy. As in the story the Crocodile had evil designs in his mind to eat away his friend -the Monkey. And the Wisdom can save your life. As in the story the monkey uses his wisdom and saves himself from his evil friend -the Crocodile.”

The story of NFE of village Dulwatn Ka Guda is an inspirational one. The village has undergone a tough struggle to make schooling available for their children. Please read more about Kishan and these 27 children by following the link: www.sevamandir.org
