"Being a part of the HOT teen advisory board has given me the opportunity to work as a leader as well as to participate in a wider field of volunteer work."

"It's been a really great experience working with HOT, since I get to meet so many new people from different schools and help the local community through our volunteer work." YM

"I became a member of the teen advisory board in 2014, and since then I have been volunteering at events such as beach cleanups. Before getting involved with the teen advisory board, I volunteered regularly with Hands On Tokyo as well." MY

Meet Our Teens

"Ever since my older brother joined the teen advisory board for Hands On Tokyo, I was interested in joining myself yet never had the chance to. Although, I am now a senior and have joined quite late compared to everyone else I would like to contribute to Hands On Tokyo as much as possible in the time remaining. My school is not quite a part of Hands On Tokyo yet, I am the bridge between my school and the organization. I recruit members who are interested in helping others and giving back to the society we live in." SL
