

RIDE2RECOVERY OCTOBER2018

Bicycle tour in the West Bank raising funds for The Road to Recovery

Come with us to participate in a very special and moving bicycle tour, riding for 5 days through magical landscapes - the old rustic areas in the West Bank, from Jenin to Jerusalem. Come with us to meet the friendly and warm rural population and at the same time contribute to the advancement of reconciliation and fellowship between Israelis and Palestinians.

We invite you to donate to The Road to Recovery - an organization of volunteers who drive Palestinians (mainly children) from the border to hospitals in Israel for life-saving treatments. Nobody in this organization is on a pay role and donations are only for the reimbursement of petrol costs. The daily encounters between Israelis and Palestinians in the vehicles enable both sides to get to know each other, allowing people to become close, overcome fears, and prepare the ground for future peace.
