Medicine And Assistance
In Times Of Need

FACTS AND FIGURES

Created in 2003, Haverim L'Refuah is a non-profit organization dedicated to helping people who cannot afford the life-saving medicine or medical care they need.

Our mission is to ensure that every person in Israel receive the medicines they need, regardless of their economic situation, so that nobody no longer need choose between medicine – and food ever again

As the largest organization providing free medicine to the needy in Israel, we believe that nobody should ever lose his or her life because they cannot afford medicine.

**71,000,000
NIS**

Medicine distributed
last year

5,000

People receive
free medicine
every month

Over
600

medicine drop-off
points throughout
the country

28

Pharmaceutical
companies in Israel
in support and
partnership

150

Save a Life funds
raise donations for
medicines

We can all save lives!

Every year, over 500 million NIS worth of medicines are thrown to the trash in Israel.
We all have medicine at home: They can save lives!

What Can I Do?

1

Open your
medicine
cabinet

2

Take out all
the medicine
you no longer
need

3

Deliver them to one of the 600 drop off points
throughout the country. They are listed on our
website: www.haverim.org.il/e.
Or call our helpline: 03-5792220.

It's that simple! You have now helped to save a life!

The medicines collected are now in our hands. Following rigorous
sorting, they will be distributed to people in need.

Over **600** 
medicine drop-off
points, including
all SuperPharm
branches

6,000 
Packages of medicines
collected a day

500 million NIS 
Value of medicines thrown
to the trash every year

100% 
of expired medicines
sent to 'green'
disposal

The Free Pharmacy: Sorting & Distributing Medicine

The medicine arrives at our Free Pharmacy; now it's up to us:

Sorting ✓ ✕

The medicines are sorted by a team of pharmacists and volunteers

Expired medicines are sent to 'green', ecological disposal

Valid medicines are stocked on the Free Pharmacy shelves

Distributing

A person in need of free medicine sends us a prescription

Their social worker send us a signed letter regarding their financial need

Our volunteers receive the documents and check whether we can help

Our pharmacists prepare the medicines

The distribution team, including volunteers on motorbikes and mobile pharmacy vans, deliver the medicines at no cost to the patient's home or hospital bed

1,100 
Volunteers participate
in the collection effort

Over **1,000**
social workers
in direct contact

95 Pharmacists
volunteer in the
Free Pharmacy

350 Packages of
free medicine sent
every day

175,000 NIS

Value of the most expensive medicine we ever supplied

350

Expensive medicines delivered every month

Every 5 minutes

in average, we receive a call for help

370

Legal cases successfully handled in the Legal Aid Dept

6

Volunteer lawyers and one retired judge

Legal Aid Department

Assuring that you receive medicines not included in your health insurance

We check the application

We apply to your Health Maintenance Organization (HMO) or health insurance company

We supply the medicine from our Free Pharmacy

If required, we open a Save a Life Fund

We receive compassion medicine from pharmaceutical companies

The patient receives the medicines

When the medicine is proven to work, the Legal Aid Department appeals to the HMO's Appeals Committee for approval of the medicine

28 of the leading pharmaceutical companies in Israel partner with Haverim

Since creating the Free Pharmacy, our mission has been to invite the pharmaceutical companies to partner in our vision; that nobody should ever lose his or her life because they can't afford medicine.

Haverim enjoys the support of the leading pharmaceutical companies in Israel and abroad. Our partners provide support in several ways: By donating close-to-expiration medicine, by providing free, 'Compassion' medicine, by underwriting the cost of deductibles, and more.

We look forward to building more partnerships with the pharmaceutical industry, increasing their support and working together on our shared vision.

1,200 special-needs and handicapped children and teenagers enjoy the activities of Haverim L'Refuah's Children Center.

Our volunteers accompany and befriend the special needs children, in a variety of events, summer and winter camps, trips throughout Israel, weekends and holidays.

The children, aged 7 and above, arrive from all over the country. Their medical conditions vary: some receive full care at home while others are hospitalized. Our social service volunteers go the extra mile to ensure that no child remains alone, while their families enjoy time off to take care of themselves and their other children.

The Children's Center

and holidays
celebrated
together

12 Summer and
winter camps, in
Israel and abroad

1,200
Special children

1,500
Volunteers

Every day we receive requests to help fund life-saving medicines, treatments and operations, costing tens-of-thousands and sometimes millions of Shekels.

We do everything we can to support and give hope to every patient who is fighting for their life, and faces financial hardship to fund their health. We help out by providing expensive medicines that aren't covered by their insurance, as well as by helping to fund complex medical procedures, only available abroad.

Behind every request there is a life at stake. We review each request carefully and then open each applicant a dedicated bank account where tax-deductible donations from friends and family are collected to fund the medical expenses.

'Save A Life' Funds

Raising funds for life-saving medicine, treatments and operations

150

Unique bank accounts,
one per patient

Over **300**

patients access the
fund every year
