"SOME PEOPLE LOOK AT THE SLUM OF KIBERA IN KENYA AND SEE A HUGE UNSOLVABLE PROBLEM. WE SEE HUGE UNTAPPED POTENTIAL!"

– Connie Nielsen

Road to Freedom Scholarships Mission: *To educate and empower children living in extreme poverty.*

Our vision is to educate and uplift children from informal settlements and poor rural areas around the world. We take them out of the slum and into boarding school where they receive; an education, nutritious meals, clean water, medical care, safety from violence and rape. Furthermore, RFS encourages these children to reach their full potential by providing opportunity and access. We instill values such as; honesty, integrity, respect for others, self worth, confidence, good work ethic and teach them if they dream big and work hard, they can achieve anything!

We empower and inspire them so they are free to act on their own beliefs, advocate for themselves and others and become leaders of their communities.

INITIALLY, NO SCHOOLS WANTED TO ACCEPT OUR CHILDREN FROM THE SLUM. We were persistent and talked them into taking just three on a trial basis. The school changed their minds and said they would take any of our slum kids as they are excited and eager to learn, curious, hardworking and grateful for this opportunity. It is clear they see it as a chance to change their lives forever and they will not waste it! They are among the best students the school has ever seen.
