

- St Devi Academy's school and home received a \$1000 delivery of rice and pulses from us when they were in need of help this late spring

- The rebuilding of the 2015 earthquake-destroyed Paropakar Orphanage has begun. The twenty five 'little boys' are now at Brachtapur Home for the next two years. They receive food gifts and clothing from us on a regular basis.

- We continue monthly rent and 'fooding' for the ten young men who were not included in the Brachtapur transfer of orphans.
- We helped one of the orphans with financial support to secure their airfare to japan for a two year work permit.
