

2 out of 3 Trans adolescents do not receive sex education according to their real experiences.

We present the Survey of Sexual and Reproductive Rights in trans adolescence applied to 370 young people.

Thanks to your monthly contribution, not only can we continue to support thousands of adolescents and young people in the *Hora Segura*, but we have also been able to investigate their life experiences and influence society so make everything get better.

Don't miss our main news!

Trans Survey: 2 out of 3 adolescents did not receive sexual education according to their experiences

On Trans Visibility Day we released the results of our Survey on Sexual and Reproductive Rights in Trans Adolescents. This was applied to 370 adolescents between the ages of 13 and 17 from all over Chile.

Discover the main findings about their experiences and problems [in this note](#). In addition, you can review some data on our [Instagram](#).

Trans Visibility: *La Isla de las gaviotas* (The Island of the Seagulls)

To celebrate March 31st, we held a live show with members of the first film made by a team of trans and non-binary people, *La Isla de las Gaviotas*. We were accompanied by the Chilean trans poet Claudia Rodríguez and the producer Aura Sinclair. Relive the conversation [here!](#)

Resilience in times of pandemic

As a training and self-care activity, Humana Consultores gave a talk about organizational resilience to the Todo Mejora volunteer. The psychologist and master Ana Olivos shared with more than 20 volunteers strategies and ideas to deal with challenges in complex times. [Here we tell you more.](#)

May everything get better by reading!

If you like reading this contest is for you. At Todo Mejora we are raffling a set of great LGTBQ + books by Chilean authors. Get to know them and participate [here!](#)

Thanks to you, we continue making visible the reality of many young people.
