

## **The Prabhudas Pattni Relief and Welfare Program**

### **October 2015,**

We continue in the footsteps of our most respected and selfless Managing Trustee, Shree Prabhudas Damji Devji Pattni to whom we dedicate this month's report.

"His life was always about others and how to ease their suffering! He did it with lots of love and humility."

"While our people still face rejection and stigma in society, Mr. Prabhudas Damji Pattni received us with open arms and embraced all of us with love."

"Though others found no need to give help to such people due to their inability to become self-reliant, Mr. Prabhudas Damji Pattni championed their cause."

"Many doors were opened for these people simply because he was there to speak for them. He became the main voice of the voiceless." *Edah Maina on behalf of Members of the Kenya Society for the Mentally Handicapped (KSMH) and Equal Africa at the Prayer Ceremony of Shree Prabhudas Damji Pattni Held on Monday, 12<sup>th</sup> October 2015*

*The Prabhudas Pattni Relief and Welfare Program, therefore continues his work of helping orphans and vulnerable children. These are children who are rejected and later abandoned by their families for having mental and/or severe disabilities. The program also continues giving help to some of the most disadvantaged women and girls, the elderly, and those with terminal illnesses. These are very needy people lacking sustenance due to extreme poverty.*

*The program target beneficiaries who are among the most needy - especially those predisposed to conditions that make them highly dependent on the assistance of others. We continue to receive multiple requests to help vulnerable people constantly, who are referred to us by government offices, hospitals, human rights organisations, media houses, and local charitable groups/institutions.*

*In order to provide direct help to these needy people, the program is working in collaboration with 2,200 charitable groups and institutions of vulnerable people in the country. We are currently giving food and essential materials to 6 out of the 48 most desperate charitable institutions. At the same time, we continue to mobilise additional support that is needed in the remaining charitable homes.*

*"If people who are poor come to you for help, do not turn them away. God will always give you what they need" Shree Prabhudas Damji Pattni*

*Using the funds received from a Kenyan Foundation, Local Donor and others, this program has in the month of October 2015, worked with 6 charitable homes to give assistance to the very needy orphans and bedridden people in the following ways:*

- i) Purchase of very basic food items for their daily meals.*
- ii) Payment to carers who give the bedridden children and adults personalized care to avoid getting bedsores.*
- iii) Purchase of vital materials that assist them to easily manage their toiletries and personal hygiene.*

- iv) Money that helps the housemothers and volunteers to provide daily support, which enables them to live with dignity.
- v) Provision of transport and cash for emergency medical treatment in government clinics for the sick; and purchase of prescribed medication.
- vi) Assistance to some of the families that look after their own bedridden people in the purchase of essential food and materials that they require for daily use.
- vii) Purchase of prescribed life saving medication for terminally ill persons especially the elderly people who are extremely poor and unable to afford their medication.

In this report, we have included the program expenditure analysis together with pictures of activities implemented by the program in the month of October 2015. In the last section, we have given details of the food items and vital materials that are desperately required by very needy children and adults in these charitable institutions and groups in Kenya.

<b>Income and Expenditure Analysis - October 2015</b>				
<b>Particulars</b>	<b>Inward</b>	<b>Outward</b>	<b>Balance</b>	
<b>Balance b/f</b>			<b>6,427</b>	
<b>Income</b>				
Local Donor	30,000		36,427	
Kenyan Foundation	200,000		236,427	
Other Donations	191,000		427,427
