problem, or challenge ?

More than 40 complaints a day of violence against women are registered in police stations, 10 rape cases in every 24 hours, and 3 women are assassinated for dowry in every 48 hours. This is not any story. These are fearful facts of which is being happened against women in Rajasthan. According to National Crime Record Bureau, 27933 cases of violence against women, 3285 rape cases, and 15094 cases of domestic violence were registered in different police stations of Rajasthan state in 2013. 453 women were assassinated for dowry. There are millions of women are oppressed from torture, domestic violence and exploitation and harassment, but in the absence of any help and support these victims are exploited each and every moment. Most of the women's don't aware of their legal rights because of which they are not able to raise their voice against exploitation.

How will this project solve this problem?

Legal assistance will be provided to the victims of domestic violence, torture, exploitation through this project so that the moral of the victims of violence will soar and they will get courage to fight against exploitation and torture. Awareness programs such as road shows, puppet shows, posters etc. will bring awareness in the society, so that the cases of violence against women may reduce in number. Women will be cautious towards their legal rights through legal awareness camp, after that they can combated torture and violence against women will be eliminated.

Potential Long Term Impact

The victims of Domestic violence, exploitation will fight against exploitation, violence using their legal rights and the culprits will get punished by which domestic violence will be tailed off. Men influenced by awareness programs will respect women. The society will openly support the victims in the fight against domestic violence, the resulting, fear will be pervaded in culprits and the violence against women will be eliminated.
