430 YOUNG PEOPLE HAVE BEEN SENSITIZED AT 3 SCHOOLS IN MEDELLIN.

Through workshops of sensitization and reflection, 430 young people from educational institutions in the city of Medellin became aware on responsible sexuality.

1

SENSITIZATION WORKSHOP

It is a space for reflection and awareness about responsible sexuality

2

DOCUMENTAL

The film "Transit" allow the analysis and reflection on risk behaviors and routes of HIV infection.

3

DISCUSSION

It is a space to talk and resolve questions about HIV, focused on responsibility.

Learning in training workshops

Each young person participates in two meetings to learn about what is HIV and its routes of infection, in order to use effective methods to prevent transmission.

During this training process, young people are invited to learn more about this topic and to visit our blog on HIV / AIDS:

In this web site they might find information published by a group of medical experts, who frequently summarize important topics of interest on HIV / AIDS.

“PICACHO CON FUTURO” CORPORATION

This campaign is extended to community-based organizations that have as mission to strengthen the training process of young people by giving information on sexual responsibility. As a consequence, a group of 20 young people from the “Picacho con Futuro” Corporation attended the meetings to learn about HIV and the ways to protect and prevent infection.
