

Chennai Flood Relief

Activities Taken-up during Last Quarter

The Foundation participated actively in flood relief activities during and post floods at Chennai and Kanchipuram districts.

During last quarter the foundation , the foundation focused on providing permanent solution to the damage occurred due to flood.

The Foundation continued the survey in various areas and collected the list of requirements, meeting with different school authorities neighborhood etc. The study revealed the basic requirement lists & the same was

procured and distributed to the victim families and schools in the flood affected areas.

Schools were provided with the required furniture's like 100 numbers **Dual desks** for students, **chairs** for teachers, **almirahs** and **cupboards** through the donations. The student families were

also donated with **house hold utensils, stationeries, school bags and uniforms.**

Foundation also procured some **electrical fittings** like fans, tube lights for the schools and handed over to school. The damaged classroom walls due to seepage were taken up for repair and painted in some schools. The Foundations

focus on the schools were appreciated and welcomed by the students and school authorities as it was much more than their basic amenities.

As a next step the Foundation is focusing on constructing boundary walls, some more repair works inside the school premises.
