## WCTD CreatingSTEAM 2016

11 Time Square New York NY

July 18th - 29th, 2016

10 Day Program Monday- Friday 8:30 AM - 4:00 PM

Students participate in a 10 day experiential learning program in which they gain competencies in 21st century workforce skills and awareness of STEAM career opportunities for today and in the future.

Following a defined rubric students work in teams of 8 to build a conceptual business of their choosing and must demonstrate competencies they learn during the program. To promote their business, each team will develop a brand book that is leveraged across a website, mobile application, presentation and marketing video trailer which the students will build. The project based learning approach teaches presentation skills, leadership skills, collaboration skills, critical thinking skills, and much more. Students will demonstrate their newfound skills throughout the 10 days, delivering a project at the conclusion in which they must meet timelines and deliverables while competing with their peers for fun prizes.

Our brain-based learning approach mixes fun team building activities that teach students the value of diversity as they engage in project based learning. Working within timelines and deadlines students must learn from each other as well as learn about their own strengths and weaknesses. Activities become more challenging as the program progresses, teaching students to manage time commitments and prioritize tasks

Program Topics include: Mind Mapping, Device Management, Web Development, Robotics, 3D Printing, Collaboration, Social Media, Web Design, Programming Languages, Team Building, Critical Thinking, Computer Building, Application Development, Cybersecurity, Software Tools, Keynotes and Talks from Real Industry Experts, and much much more...

Students age 13-18 can participate. Students must be 13 years old by July 1st, 2016. Students must fund raise their tuition in order to participate. For details on our fund raising model visit our website <http://www.creatingsteam.org/fundraising>

To register or learn more about the program visit our website at <http://creatingSTEAM.org/register>

Bus transportation will be provided from Walt Whitman Mall, Huntington NY to NYC each day.

For information about the event visit our program registration website at <http://www.creatingsteam.org> or contact our team
