

SOCIAL PROGRAMS

We are now developing five social programs with which we directly reach more than 500 families, providing opportunities to all of them.

“Making Focus”

This is a new itinerant program launched in 2019, that takes place in different spaces of Barracas. 200 boys and girls between 2 and 10 years take part of this program, so as to improve their literacy before they begin their formal education process and / or accompany them during first years of school. An interdisciplinary team made up by psychologists, mentors and game teachers, aims to stimulate them as of ludic proposals.

COPIF (Early Infancy appropriate cares within the Family as a community)

We seek to promote comprehensive health of boys and girls since their gestation up to 5 years old, by strengthening the family, accompanying the parenting, play and whole nourishing. With this aim, we have 4 mechanisms:

- Care during pregnancy and first year of life.
- Care and healthy eating (CONIN's methodology).
- Care in play and parenting.
- Fortalesiendo (Strengthening): self-care and bonds addressed to mothers.

Early Education Center (CET)

15 FAMILIES

This is a stimulation space for boys and girls from 1 to 3 years old, where we work together with their families, which are invited to share playtime so as to strengthen knowledge development and parenting processes. The space also leads to exploration and creation, encouraging curiosity, imagination and autonomy, key aspects of boys' and girls' development.

Early Childhood Center "Pilarcitos"

We promote integral development of 75 boys and girls from 1 to 3 years old. We receive them full-day giving their parents the possibility of looking for a full-time job while the children stay under the care of the team of professionals (teachers, teachers aides, psychomotor specialist, psychopedagogue and social worker, kitchen and cleaning staff).

Early Childhood Center "Floreciendo"

We receive from Monday to Friday, full-day, 150 boys and girls from 1 to 3 years old and their families to promote their healthy development. We give them breakfast, lunch and afternoon snack and we accompany the children with a team of professionals (teachers, teachers aides, psychomotor specialist, psychopedagogue and social worker, kitchen and cleaning staff).
