Mission and objectives

Giving children the chance to “be kids again”

Dynamo Camp’s mission is to offer hundreds of youngsters each year, free of charge, **the chance to “be kids again”**.

First-class medical care and Camp facilities give children an opportunity to socialize in a safe, protected environment, to discover how to better face their difficulties, focusing on the things they can do and not on the limits imposed by their illness

About Us

Dynamo Camp is located in Tuscany, inside a beautiful 900 acre WWF affiliated reserve, where children can develop their potential through a range of creative indoor and outdoor activities in contact with nature.

Two main plans gave birth to the project :

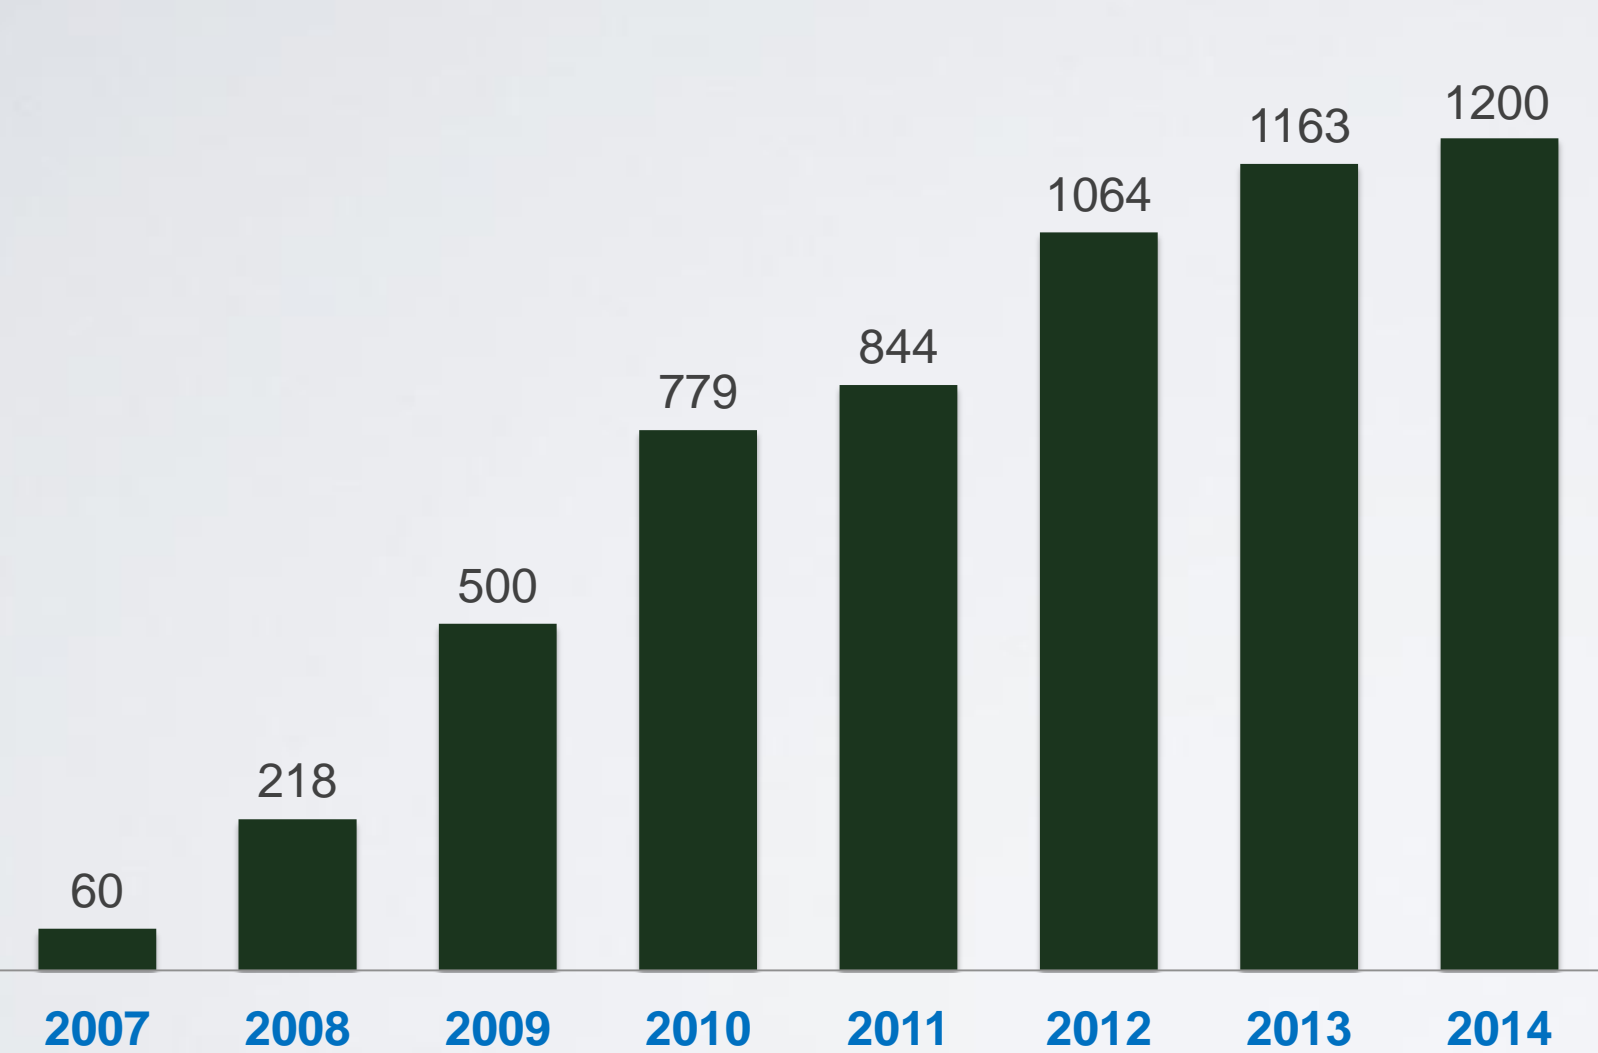

- Transformation of a hunting lodge into a WWF-affiliated reserve.
- Recovery of a dismissed industrial area, according to excellence and beauty-seeking criteria.
