RE: APPRECIATION OF THE GIRLS
THINGS.

I hereby thank the director Kasiisi project for supporting girls education. I am one of the girls who take pads from the office. Nurse Lucy helped me to improve my hygiene and taught me how to use pads. She taught me how to overcome challenges in life. I used not to come to school when I had my periods but now I attend school every day.

I once again thank you for loving us.

I remain

Yours faithfully

THE DIRECTOR KASIISI PROJECT.

RE: LETTER OF APPRECIATION.

Here by thank you for the girl's pads which you send, and for the guidance of nurse Lucy who taught us how to care for ourselves when in periods.

The pads you send to us help to reduce school dropouts in girls during menstruation ~~at~~ periods. They also helped girls not to get infected with diseases which are spread through using dirty clothes during menstruation.

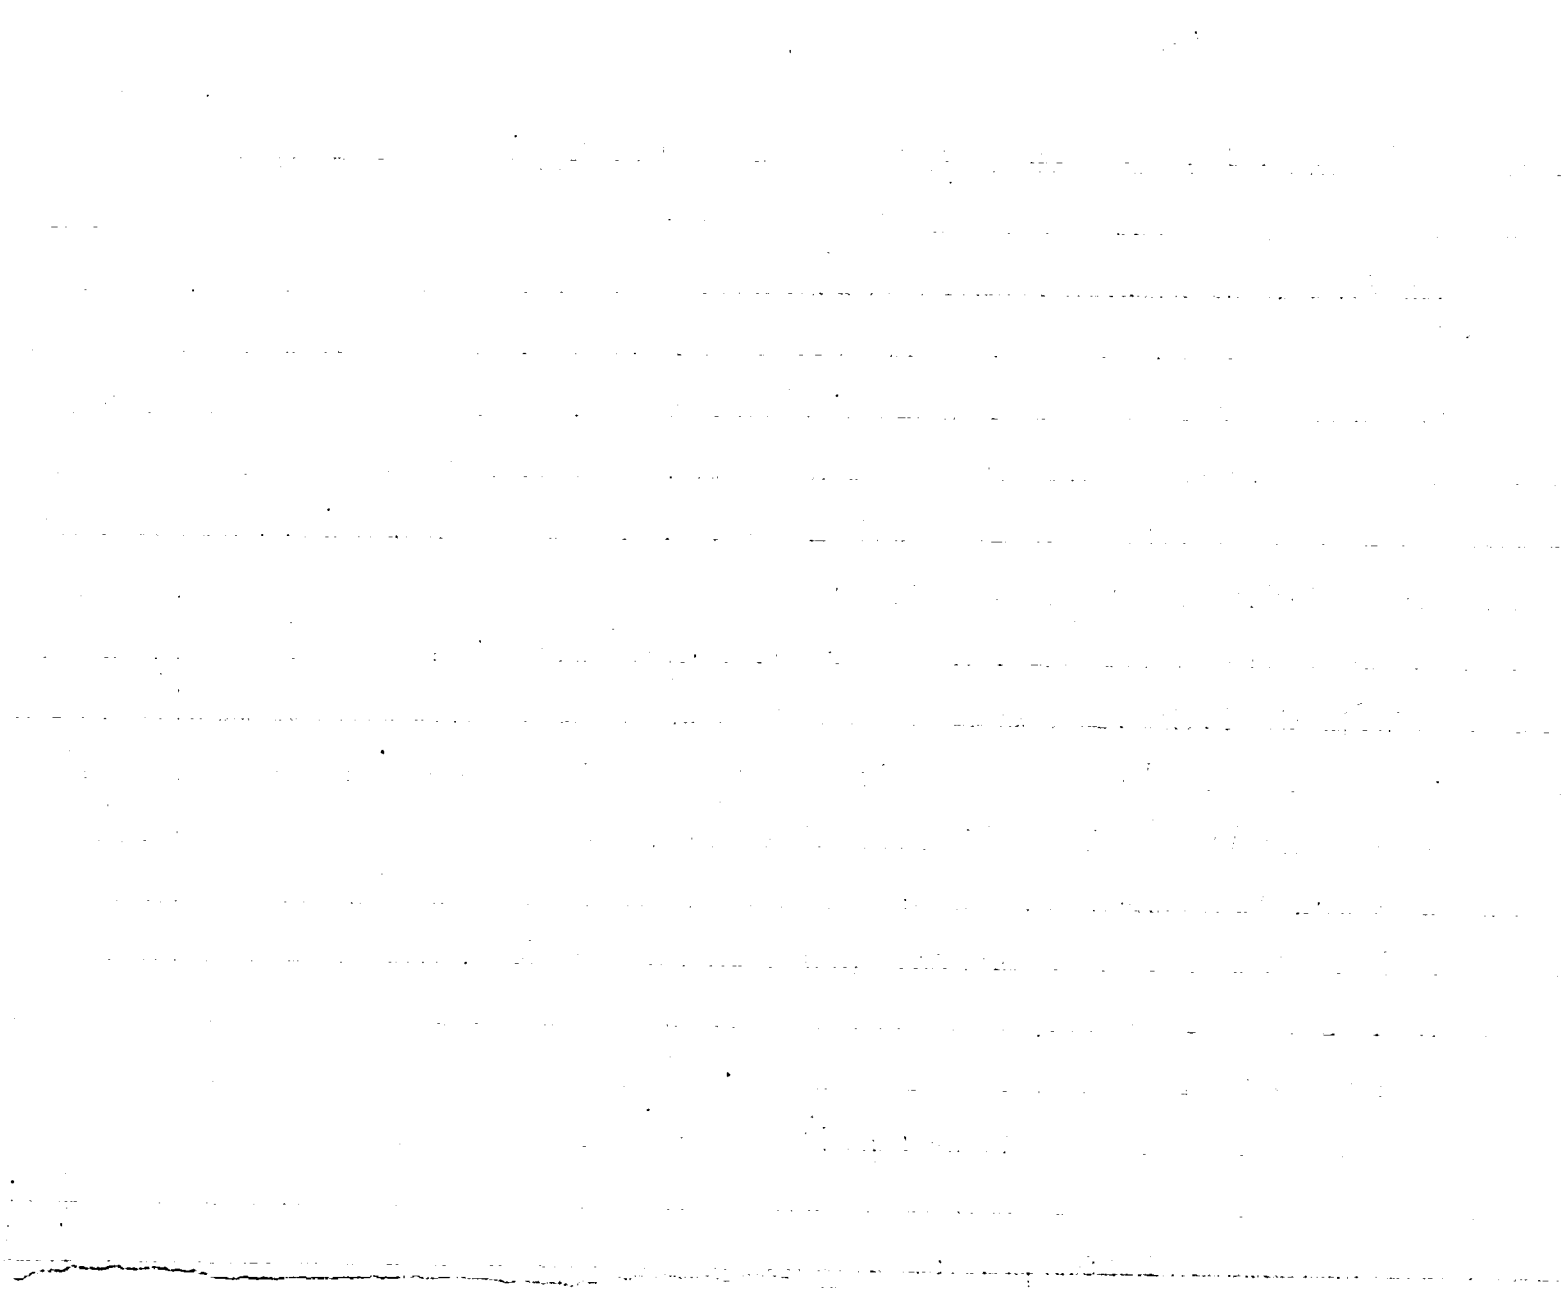

The nurse also helped girls to overcome challenges during puberty. We therefore appreciate for that kind of love you have for us.

I remain

Yours faithfully,

NURSE LUCY

Nurse Lucy is a nurse under Kasiisi Project .

Who comes in our School twice a month .

WHAT NURSE LUCY DOES IN THE SCHOOL .

1. She Sensitizes both pupils i.e boys and girls about hand washing methods and hand washing materials like soap, basin etc .
2. Nurse Lucy guides and counsels girls about the dangers of early pregnancy and HIV/AIDS as a resource person .
3. She collects sanitary pads from Kasiisi Primary School to Iyanyawara and distributes them among the girls .
4. She always holds talks with the whole school about hygiene and sanitation .
5. She sensitizes girls about menstruation period and how to keep hygiene during menstruation periods .

I thank Nurse Lucy for the good work she's doing to promote health in our school .
