WORK SCHEME

MULTIPLIERS TRAINING

ABOUT THEM

- They are the trainers, teachers or volunteers of an CDI Colombia alliance, trained on the methodology and contents of a course to be shared to other people or communities that can benefit from them.

SCOPE

- "Who teaches learn to teach and who teaches learn to learn" - Paulo Freire
- "Being a multiplier is a challenge that invites transformation and transform themselves."
- "Active participation, committed to significant learning and values, which allows them to qualify as human beings and not only in order to obtain a certificate."

PROFILE

- Willingness to learn and taste for technology.
- Communicative skills: clear language and readiness to explain students until they get understanding, interest and participation.
- Easy to do planning and good time management.

CHARACTERISTICS

- Experiential, existential, active, critical, inspirational, dynamic, playful, innovative, empathic and flexible.
- "Learning by doing to teach to do" - Collaborative and teamwork.
